WHAT TO BRING

Your enjoyment of your walking holiday will be greatly helped by having the right gear. The following list should help you in planning your packing for your trip.

Footwear: Good footwear is vital for a happy walking holiday! We recommend waterproof, breathable, walking boots with good ankle support. Boots which are “broken in” (i.e. not brand new), teamed with **well fitting hiking socks** will keep your feet snug and dry and help to avoid blisters.

Hiking Clothes

We recommend the “onion look” of layering clothing as the best protection against heat/cold:

- Base Layer –this layer should not retain moisture but transport it away from the skin (there are lots of “wick away” fabrics now on the market.
- Insulation layer – this layer should stop you from losing body heat – fleece is ideal
- Outer Layer – this layer should keep you dry even in a downpour! A waterproof, breathable jacket and over-trousers are as important as your comfy boots. You should bear in mind that clothing tends to lose its “waterproofness” over time so if you have had your gear for many years it might be time to treat yourself with a trip to an outdoor store!
- Walking trousers/ shorts (avoid denim)
- Warm hat and gloves for chilly mornings or high mountains
- Sun hat
- Walking stick/pole (a great help on uneven terrain)

Daypack - a small comfortable rucksack to carry the bits and pieces you will need during the day:

- Water bottle/flask
- Moleskin/plasters/”second skin” – ward off any impending blisters before they become a problem!
- Sun screen
- Camera
- Binoculars
- Waterproof map case
- Mobile phone
