

## Wicklow Way - Self Guided - 3 Night Tour 2018

### Moderate 3 nights

The Wicklow Mountains form a granite chain of hills stretching fifty miles from Dublin to Wexford. The Wicklow Way is the oldest long distance path in Ireland, and follows good tracks and paths alongside rivers, through glens and over hills. This route is ideal for those walking in Ireland for the first time.

### TOUR ITINERARY

#### Day 1 - Arrival to Rathdrum

Depending on your arrival time you may wish to explore Avondale House and Forest Park, the ancestral home of Charles Stewart Parnell. There are many lovely walks and trails to follow through the forest, including an “exotic tree trail”. The house is open to the public.

**Accommodation – B&B in Rathdrum**

#### Day 2 - Rathdrum to Glenmalure (15 km, 390 m ascent)

Walk through lower Rathdrum across the Avonmore River and past the disused Mill. Join the Avonmore River and follow the good path to the delightful setting of Clara, the smallest village in Ireland for an early picnic lunch. The church was built in 1801 immediately following the 1798 rebellion and is one of the oldest serving chapels outside of Dublin city. Cross the river by the fine bridge that dates to more than 260 years ago. Climb out of the valley along an old breen (green road) across the side of Kirikee Mountain to join the old “coaching road” with far reaching views across Glenmalure.

The glen is the largest and most rugged of the ice-carved Wicklow glens. Join an old road to descend into the glen to Glenmalure.

**Accommodation – B&B in Glenamlure**

### Day 3 - Glenmalure to Laragh (17 km, 500m ascent)

The route joins the Wicklow Way proper and climbs in serpentine almost to the top of Mullacor Mountain, the highest point on the Wicklow Way, providing glorious views over the rugged glen, Glenmalure. An optional path from the summit takes the walker along a scenic spur above the upper lake of Glendalough before descending to the monastery, or alternatively the route drops directly to the ruined Monastic settlement with its fine round tower. From the monastery follow paths and tracks over out of the valley and down to the village of Laragh.

## ACCOMMODATION AND MEALS

### Accommodation

The accommodation is allocated on a twin sharing basis. We stay in bed & breakfast accommodation, where we hope to fuse the best standard we can get with the warmest welcome. We ensure en suite facilities almost all of the time however in some of the more remote spots one might occasionally have to share a bathroom.

We do reserve the right to change the accommodation around during the week, but we will always endeavor to provide a high standard.

**Meals:** A picnic lunch is provided on most walking days. Your lunch will normally comprise of sandwiches, a chocolate bar or piece of cake, and a piece of fruit. If you bring a thermos flask, this will be filled with tea or coffee. You should bring a water bottle for drinks during the day. You will be able to buy additional snacks and drinks from local shops for during your walk.

## WHAT TO BRING

Your enjoyment of your walking holiday will be greatly helped by having the right gear. The following list should help you in planning your packing for your trip.

**Footwear:** Good footwear is vital for a happy walking holiday! We recommend waterproof, breathable, walking boots with good ankle support. Boots which are “broken in” (i.e. not brand new), teamed with **well fitting hiking socks** will keep your feet snug and dry and help to avoid blisters.

### Hiking Clothes

We recommend the “onion look” of layering clothing as the best protection against heat/cold:

- Base Layer –this layer should not retain moisture but transport it away from the skin (there are lots of “wick away” fabrics now on the market.
- Insulation layer – this layer should stop you from losing body heat – fleece is ideal
- Outer Layer – this layer should keep you dry even in a downpour! A **waterproof**, breathable jacket and over-trousers are as important as your comfy boots. You should bear in mind that clothing tends to lose its “waterproofness” over time so if you have had your gear for many years it might be time to treat yourself with a trip to an outdoor store!
- Walking trousers/ shorts (avoid denim)
- Warm hat and gloves for chilly mornings or high mountains
- Sun hat
- Walking stick/pole (a great help on uneven terrain)

**Daypack** - a small comfortable rucksack to carry the bits and pieces you will need during the day:

- Water bottle/flask
- Moleskin/plasters/“second skin” – ward off any impending blisters before they become a problem!
- Sun screen
- Camera
- Binoculars
- Mobile phone
